OLKLIN-SW

All in One disinfectant for Surface & Water

Oiklin-SW is all in one, broadspectrum, triple salt disinfectant which can be used on surface & water.

COMPOSITION

Salt containing Potassium Monopersulphate, Potassium Hydrogen Sulphate & Potassium Sulphate	49.8 % w/w
Sodium Chloride	1.5 % w/w
Excipients	q.s.
Colour:	Amaranth

DIRECTIONS FOR USE

Surface Disinfection:

Prepare dilution as recommended and spray using a pressure washer or other mechanical sprayer.

Apply the solution at an application rate of 300ml/m²

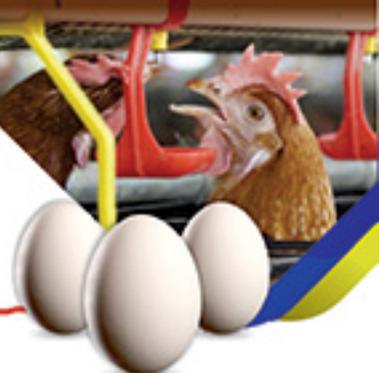

Disinfection of Water System:

For terminal disinfection of water system, drain off to drinker points. Clean out any gross soiling and debris. Refill with water and add the appropriate quantity of Oiklin SW powder, thoroughly stir and leave for 20 minutes. Flush system through to all drain off points and leave for a further 60 minutes before draining system and refilling with clean water.

For Continuous disinfection, apply appropriate dose to header tank as required or apply through water system dosing equipment.

OLKLIN-SW

All in One disinfectant for Surface & Water

DIRECTIONS FOR USE

Aerial disinfection (Mist Spray):

Use sprayer on its finest mist setting, apply 1 litre of Olklin SW solution per 10m² of floor space.

Dosage

- ▶ **Disinfection of hard surfaces, equipment and foot bath**
1:100 Dilution (10g / litre of water)
- ▶ **Aerial Disinfection (Mist Spray)**
1:200 Dilution (5g / litre of water)
- ▶ **Disinfection of Water System for continuous disinfection**
1:1000 (1g / litre of water)
- ▶ **For terminal disinfection**
1:200 - 1:100 (5g - 10g / litre of water)

Pack
500 g

OLKLIN[®]-W

Dual Action Water Sanitizer with Killing & Cleansing Effect

Olklin-W is a fifth generation dual action water sanitizer which completely kills pathogens and cleanse pipeline.

COMPOSITION

Each 100 ML of Product Contains :

Didecyl dimethy ammonium chloride solution (80% w/w) - 5 g

Citric acid monohydrate IP - 8 g

MODE OF ACTION

KILLING

DDAC & Citric Acid synergistically works on cell membrane causing leakage of the intracellular content and the subsequent death of pathogen.

CLEANING

Citric acid discourage the buildup of mineral deposits and prevents Biofilm Formation

BENEFITS

- ▶ Olklin-W is a broadspectrum water sanitizer effective on Bacteria, Fungi, Viruses etc.
- ▶ Olklin-W is effective on biofilm.
- ▶ Olklin-W helps to remove scales, mineral deposits & slim from pipelines.
- ▶ Olklin-W acts effectively in presence of organic matter and hard water.
- ▶ Olklin-W improves F.C.R, Livability & Egg Production.

OLKLIN[®]-W

Dual Action Water Sanitizer with Killing & Cleansing Effect

DOSAGE

- ▶ **For Flushing in Presence of birds - with regular water supply at night time:**
Add 1-2 ml of Olklin W in 1 L of water
- ▶ **For Flushing in Absence of birds:**
10-15 ml/1 L of water for 6 hrs and should be flushed with regular sanitization concentration
- ▶ **Water Sanitization (Regular):**
Add 1-2 ml of Olklin-W in 10 L of water

Caution : Avoid using OLKLIN-W when vaccines are administered in drinking water

Pack
500 ml & 5 L

Kohrsolin Th

Surface Disinfectant - Longer protection 14 days

Kohrsolin TH is a triple action surface disinfectant ideal for cleaning and disinfecting surfaces with long lasting efficacy up to 14 days.

COMPOSITION

Each 100 ml of Kohrsolin - Th contains :

Glutaraldehyde	10.0 g
1-6, dihydroxy 2-5 dioxyhexane	10.3 g
Polymethyl Urea Derivatives	04.6 g

MODE OF ACTION

Kohrsolin - Th denatures the nucleoproteins of pathogens and achieves total kill.

BENEFITS

- ▶ Broad spectrum - Effective on all Bacteria, Virus, Fungi, and Spores.
- ▶ The unique combination of Kohrsolin -Th makes it 10 times more potent than Formaldehyde.
- ▶ The efficacy of the product remains for 14 days. Hence more economical.
- ▶ Kohrsolin -Th is effective even in the presence of organic matter. Thus, effective in the presence of litter and feathers.
- ▶ Acts in both high / low temperatures and humidity.
- ▶ Eliminates Hatchery borne infections.

Kohrsolin Th

Surface Disinfectant - Longer protection 14 days

DOSAGE

1) For General Disinfection:

Areas of Application	Quantity of Kohrsolin- Th in 50 litres of water	% dilution	Volume
Disinfection of empty sheds	500 ml	1.0%	200 M ³
Inventory rooms and equipment	250 ml	0.5%	200 M ³
Sanitization of hatching eggs, incubators and hatchers	250 ml	0.5%	200 M ³

2) For Specific Disinfection:

Types of Infections	Quantity of Kohrsolin- Th in 50 litres of water	Min. reaction period	% dilution	Volume
Bacterial	1500 ml	4 hours	3%	200 M ³
Fungal	1500 ml	4 hours	3%	200 M ³
Viral (Covered) (ND)	500 ml	1 hour	1%	200 M ³
Viral (Uncovered) (IBD)	1500 ml	3 hours	3%	200 M ³
Tubercle	2000 ml	1 hour	4%	200 M ³

Pack
500 ml & 5 L

Sokrena-WS

Long Lasting Water Sanitizer

Sokrena-WS is a water sanitizer which completely kills pathogens in water hence enhancing feed efficiency, livability and egg production.

COMPOSITION:

Each 100 ml contains :

Didecyl Dimethyl Ammonium Chloride - 7 g

MODE OF ACTION:

Facilitates the leakage of intracellular contents of pathogens and kills them.

BENEFITS:

- ▶ Sokrena-WS starts acting on the pathogens, as soon as it is added in the water.
- ▶ Effective on all bacteria including E. coli, Viruses, Fungi etc.
- ▶ Sokrena-WS acts effectively in presence of organic matter and also in hard water.
- ▶ Sokrena-WS helps to improve F.C.R., Livability and Egg Production.
- ▶ Sokrena-WS has high residual effect, Hence effective for longer period.

Dosage

Add 1 ml of SOKRENA-WS in 10 litre or 500 ml in 5000 litre of drinking water daily. Avoid using SOKRENA-WS treated water when vaccines are administered in drinking water

Pack
500 ml & 5 L

Avoid using Sokrena-WS as water sanitizer when live vaccines are given through drinking water

Anabolite - P

Oral Instant Energy Feed Supplement

Anabolite P is nutritional feed supplement which provides instant energy to weak chicks activating them to feed & water immediately after receiving from hatchery. Anabolite-P helps to relieve weakness in birds by providing instant energy.

Nutritional Value

Gluconeogenic Precursor Fortified with Nicotinamide

BENEFITS

Anabolite - P helps to,

- ▶ Provide instant energy from day one.
- ▶ Ensure early exposure to feed.
- ▶ Ensure flock uniformity.
- ▶ Faster and standard weight gain.
- ▶ Reduce weak chicks mortality.

FEEDING ADVICE

Chicks: 10 ml to 20 ml per 100 birds daily

Growers & Finishers: 20 ml per 100 birds daily

Layers: 20 ml to 30 ml per 100 birds daily

Pack
2 L & 5 L Can

Calgophos

High Concentration Powerful **8** Minerals in Acidic form

Calgophos is a liquid mineral mix of 8 minerals in acidic form ensuring highest bioavailability & zero sedimentation.

- ▶ Acidic form - Increase bioavailability of minerals for quick response
- ▶ Zero sedimentation - ensures no choking of nipples

COMPOSITION

Diacid phosphate form contains :

Phosphorus	235 g	Manganese	10.8 g
Calcium	103 g	Zinc	10.2 g
Magnesium	108 g	Copper	2.5 g
Sodium	45.2 g	Cobalt	0.1 g

BENEFITS

Calgophos helps to,

- ▶ Maintain desired level of minerals & trace elements.
- ▶ Maintain bone health.
- ▶ Maintain good egg shell quality.
- ▶ Maintain fertility and hatchability.
- ▶ Maintain egg production.

FEEDING ADVICE

Bird	Age	Feeding Advice per litre water Or per 100 birds	No. of Days
Layer	21 -26th Week & 50 - 72nd Week	20 - 40 ml per 100 birds	3 days every 2 week in evening water
Breeder	21 -26th Week & 50 - 72nd Week	25 - 50 ml per 100 birds	3 days every 2 week in evening water

Pack
1 L & 5 L

VITAGRO

Ideal Growth Formula for Laying Flocks

Vitagro is highly concentrate formula containing soluble vitamins, amino acids required to optimise growth and productivity.

COMPOSITION

Nutritional Value per Litre:

Vitamin A (as Vitamin A Palmitate)	120,00,000 I.U.	Vitamin B ₆	1,200 mg
Vitamin D ₃	32,00,000 I.U.	Vitamin K ₃	800 mg
Vitamin E	3,200 I.U.	Sorbic Acid	3,000 mg
Vitamin C	4,000 mg	Methionine	19,000 mg
Calcium Pantothenate	4,000 mg	Lysine HCl	500 mg
Vitamin B ₁	2,000 mg	Arginine HCl	500 mg

BENEFITS

- ▶ Supports requirement of critical nutrients during critical periods e.g change in diet, infectious or parasitic infestation.
- ▶ Helps to maintain growth and production.
- ▶ Helps to maintain immunity in birds.
- ▶ Reduces losses due to antinutritional factors in feed.

FEEDING ADVICE

Chicks	:	5 ml per 100 birds
Growers	:	10 ml per 100 birds
Finisher & Layers	:	15 ml per 100 birds

For restarting the growth after onset of antibiotherapy, increase the consumption of diet and for quick recovery

Pack
1 L

Brotone Vet

Optimize FCR & Growth by Liver **PCR**

Brotone vet is a liver tonic which protects liver & optimize FCR thus improving bird's performance.

COMPOSITION

Each 10 ml contains : 1.25 g of Liver fraction (Soluble Liver fraction from 31.25 g of fresh liver) with Vitamin B₁₂ activity equivalent to 7.5 mcg

Yeast Extract	0.4 g
Nicotinic Acid B.P. (vet)	24 mg
Alcohol IP	1 ml
Aqueous base	10 ml
Alcohol content	9.4% v/v

BENEFITS

- ▶ Brotone provides higher level of fresh liver extract which helps
 - Liver to function at optimum levels.
 - Healthy growth and productivity.
 - To improve FCR.
 - To improve egg production.
- ▶ Presence of Yeast extract in Brotone helps
 - To improve digestion.
 - As supportive treatment in aflatoxicosis and prevents fatty liver syndrome.
- ▶ Alcohol and nicotinic acid improves feed intake regenerates & rejuvenates liver cells.

FEEDING ADVICE

- ▶ Broilers: 05-10 ml daily for 100 birds from 2nd to 6th week.
- ▶ Growers & layers: 20 ml/100 birds daily for 10 days

Pack
2 L, 5 L & 20 L

Groviplex

Enhances Feed Intake - Improves Health

Groviplex is a nutritional feed supplement which provides vitamins & amino acids essential for metabolism & Healthy Growth of birds.

COMPOSITION

Each 5 ml contains

Riboflavin (Vitamin B ₂)	1.25 mg	D-Panthenol	0.65 mg
Vitamin B ₆	0.62 mg	Cyanocobalamin	6.25 mcg
Nicotinamide	18.75 mg	Choline Chloride	10.00 mg
Lysine Mono Hydrochloride	10.00 mg	(Appropriate overages added)	

BENEFITS

Groviplex helps to,

- ▶ Combat Vit B - Complex deficiency.
- ▶ Improve carbohydrate, fat & protein metabolism.
- ▶ Enhance Immunity.
- ▶ Improve egg production & hatchability.
- ▶ Improve FCR & body weight.

FEEDING ADVICE

- ▶ Dissolve 100 g of Groviplex water soluble powder in 5 litres of water to make a uniform solution
- ▶ Give 15 - 20 ml of prepared solution per 100 birds daily through drinking water for 7 - 10 days It is recommended to make fresh solution every day

Pack
100 g & 5 ltr

Vimeral

Proven Antistress Feed Supplement with Uncompromising Quality

Vimeral contains all fat soluble vitamins A, D₃ & E in the right ratio and fulfills their interdependency requirement for optimum absorption of all fat soluble vitamins.

COMPOSITION:

Nutritional Value per ml :	
Vitamin A (as Vitamin A Palmitate)	12,000 I.U.
Vitamin D ₃	6000 I.U.
Vitamin E	48 mg
Vitamin B ₁₂	20 mcg

BENEFITS

- ▶ **V** Vitamins are available in right ratio.
- ▶ **I** Immunity builder - Vitamin E and Vitamin B12 builds immunity.
- ▶ **M** Maintains optimum level of vitamins even during stress.
- ▶ **E** Ensures 100% Vitamin E to the birds as per requirement of international standards.
- ▶ **R** Relieves Stress, arising out of vaccination, transportation, weather changes etc.
- ▶ **A** Availability of Vitamin A in palmitate form ensures higher bio availability as compared to acetate form.
- ▶ **L** Long standing anti-stress nutritional supplement.

FEEDING ADVISE

Chicks	: 5 ml / 100 birds
Growers	: 7 ml / 100 birds
Layers	: 10 ml / 100 birds

Pack
500 ml, 2 L & 5 L

Vitablend WM Forte

High bioavailable Vitamin A in Palmitate Form (1 lac IU/ml)

Vitablend-WM Forte is vitamin A supplement in its purest form which helps to enhance immunity & maintain integrity of epithelial cells.

COMPOSITION

Each ml of Vitablend WM Forte provides :
Vitamin A (Palmitate) 1,00,000 I.U.

BENEFITS

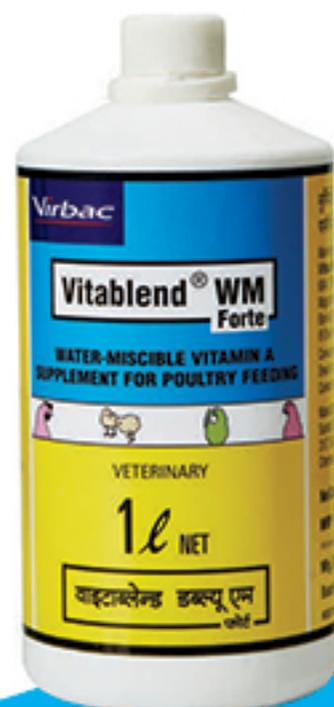

Vitablend WM Forte helps to :

- ▶ Support during infection for faster recovery.
- ▶ Improve fertility & hatchability in breeders.
- ▶ Maintain health & enhance immunity.
- ▶ Maintain Vitamin A levels in Birds.

FEEDING ADVISE

2 to 5 ml for 100 birds depending on the age of the birds.
To be given daily in drinking water.

Pack
1 L

ADDON[®] POULTRY MAX

Synergistic way to improve gut health

Addon Poultry Max is a symbiotic i.e blend of probiotic & prebiotic which helps to enhance digestive health & production.

COMPOSITION

PROBIOTICS

- ▶ *Bacillus subtilis*
- ▶ *Bacillus coagulans*
- ▶ *Bacillus licheniformis*
- ▶ *Lactobacillus acidophilus*

PREBIOTICS

- ▶ MOS
- ▶ B-Glucans

BENEFITS

Addon Poultry Max helps to,

- ▶ Correct Leaky gut.
- ▶ Support immunity.
- ▶ Improve digestion.
- ▶ Maintain optimum gut health.
- ▶ Reduce pathogenic bacteria.
- ▶ Enhance growth & FCR.

FEEDING ADVICE

To be mixed with poultry feed at the rate of 100 to 250 g per ton of feed or as advised by veterinarian

Pack
1 kg

Power of
4B
Symbiotic
4 billion CFU/gm

Specialized Vitamins and Minerals Supplement

Groblend is complete vitamin & mineral premix which enhances nutrient content of feed for better egg production.

COMPOSITION

Nutritional value per 2 kg :

Vitamin A	1,20,00,000 I.U.	Iodine	1.0 g
Vitamin B ₂	2.0 g	Manganese	27.5 g
Vitamin B ₆	0.4 g	Calcium	32%
Vitamin E	800 I.U.	Phosphorus	2.4%
Vitamin K ₃	2.0 g	Zinc	15.0 g
Vitamin D ₃	20,00,000 I.U.	Vitamin B ₁₂	5.6 mg
Choline Chloride	10.0 g	Calcium D Pantothenate	4.0 g
Copper	2.0 g	Biotin	2000 mcg
Iron	7.5 g	(Antioxidant added)	

BENEFITS

Groblend helps to,

- ▶ Prevent vitamin & mineral deficiency diseases.
- ▶ Maintain optimum health & productivity.
- ▶ Improve growth, body weight & egg production.

MIXING RATIO

Mix 2 kg of Groblend Forte in 1-1.5 tons of feed.

Pack
20 kg

Make Feed Adequately Rich with Calcium & P, Mg Vit. A & D₃

Kalzol Forte is a feed premix adequately rich with calcium, phosphorus, magnesium, Vitamin A and Vitamin D₃ in a right ratio ensuring peak production in all phases.

COMPOSITION

Nutritional value per 5 gms :

Calcium	1350 mg
Phosphorus	625 mg
Vitamin D ₃	2500 I.U.
Magnesium	1.05 mg
Vitamin A	22500 I.U.

Highly Absorbable

Ca, P, Mg &
Vitamin Supplement

BENEFITS

Kalzol Forte helps to,

- ▶ Provide Calcium and Phosphorus in right ratio.
- ▶ Calcium and Phosphorus absorption as it contains Vitamin D₃
- ▶ Provide magnesium an essential constituent of bones.
- ▶ Better growth, strong bones and thick shelled eggs.
- ▶ Maintain peak production all phases.

FEEDING ADVICE

1-2 kg per ton of feed

Pack
10 kg

Adsorbs Toxins - Improves Immunity & Productivity

Toximar Forte is a toxin binder fortified with immunomodulator ensuring high protection from toxin & enhancing immunity.

COMPOSITION

Hydrated Sodium Calcium Alumina Silicates (HSCAS)
Activated Charcoal
Mannan Oligosaccharides
Sodium Selenite

BENEFITS

- ▶ Provides more toxin binding sites & form stable complex with mycotoxins.
- ▶ Prevents growth of moulds, thus reduces further production of mycotoxins.
- ▶ Prevents immunosuppression due to mycotoxins & improves health & productivity.

FEEDING ADVICE

Moisture level in feed upto 15%: 0.5 to 1.0 Kg/ton of feed

Moisture level in feed above 15%: 1.5 to 2.0 Kg/ton of feed

Pack
20 kg

Lixen

Stress Free Antibiotic for Chicks & Adults

Lixen is a broad Spectrum antibiotic which prevents & treats primary & secondary bacterial infections in all stages of life.

COMPOSITION

Cephalexin I.P. - 7.5% w/w.

MODE OF ACTION

Breaks the cell wall of pathogens and kills them.

BENEFITS

- ▶ Chicks are highly susceptible to infections (like naval ill, *E.coli*, *Coryza*, bacillary white diarrhoea). Lixen protects the chicks from these infections and prevents mortality.
- ▶ Lixen can be used to prevent primary & secondary bacterial infection.
- ▶ Reaches peak serum level within 1 to 2 hours, thus acts very fast.
- ▶ Bactericidal, even acts against penicillinase producing micro organisms.
- ▶ Lixen is completely absorbed even in the presence of feed.
- ▶ Causes no stress on birds.
- ▶ Lixen's protein binding capacity is as low as 10-15%. Hence, enables maximum bioavailability (85-90%) for complete bactericidal action.

DOSAGE

- ▶ To prevent early chick mortality 20 gm sachet / 1500 chicks for 3 -5 days including water
- ▶ For treatment & diseases (Growers/adults) 1gm/2kg bdy wt for 3-5days

Pack
20 gm Sachet & 300 gm

Trox

Stops CRD - Build Immunity

Trox contains highly concentrated form of tylosin tartrate used for prevention and treatment of Chronic Respiratory Disease (CRD) in poultry.

COMPOSITION:

Tylosin Tartrate 50% w/w

MODE OF ACTION:

Inhibition of protein synthesis by binding to the 50-S subunit of bacterial ribosome.

BENEFITS:

- ▶ Higher efficacy - Achieves peak serum level within 1-2 hour.
- ▶ Faster recovery - The level in air sacs is 20 times greater than the blood level.
- ▶ Good compatibility with other antibiotics or anti-coccidial drugs.
- ▶ Immunomodulation - Increases cellular immunity.

DOSAGE

Trox is to be given at the dose rate of 1 g per litre of drinking water in divided doses in the morning and evening for two to three days or 1 g per 2 kg BW for 2-3 days

Pack
120 gm

CARNIFORCYL

Feed Supplement that supports Detoxification & Revitalisation

Carniforcyl is unique blend which completely detoxify liver & kidney & helps to counteract all ill effects of mycotoxins, chemicals, drugs & improves bird's performance.

COMPOSITION

Nutritional Value per Litre

L-Carnitine	23 g	Betaine hydrochloride	18 g
Sorbitol	252 g	DL-Methionine	18 g
Magnesium sulphate heptahydrate	55 g	Natural Nutrients	11 g
Lysine hydrochloride	9 g	(Orthosiphon, Artichoke, Lycium Chinese Mill Extract)	
Choline chloride	75 g		

BENEFITS

Carniforcyl helps to,

- ▶ Maintain kidney & liver function.
- ▶ Ensure complete detoxification.
- ▶ Regenerate & rejuvenate liver.
- ▶ Fight against chronic conditions like **gout, kidney & fatty liver syndrome.**
- ▶ Improve growth, production & health.

FEEDING ADVICE

Layer	Every month	1-2 ml/L water or 10-20 ml/100 birds daily for 5 days
Breeder	Every month	1-2 ml/L water or 10-20 ml/100 birds daily for 5 days

Pack
1 L & 5 L

Albomar Powder

Ideal Dewormer for Layers & Breeders

Albomar powder is a broad spectrum dewormer which ensures complete killing of Intestinal worms hence enhancing production.

COMPOSITION

Albendazole - 5 % w/w

MODE OF ACTION

Albendazole inhibits fumerate reductase enzyme of parasite leading to starvation & death of parasite.

BENEFITS

- ▶ Albendazole in Albomar is in micronized form. Hence, helps for greater penetration through the cuticle and quick killing effect on worms.
- ▶ Albomar is broad spectrum - Effective on Round worms, Caecal worms, Capillaria and Tape worms.
- ▶ Albomar is effective on all stages of worm.

FEEDING ADVICE

Layers Round worms: 500 g / 1500 birds
 Tape worms: 1 Kg / 1500 birds

Breeders Round worms: 1 Kg / 1500 birds
 Tape worms: 2 Kg / 1500 birds

(All dosage to be given through single time feeding)

Pack
500 g

HITEK®

ORAL

Broad spectrum endoectocide for removal of Worms, Mites and Lice

Hitek Oral is Broad spectrum endectocide which helps to eradicate endoparasite & ectoparasite.

Lice

Scaly Leg Mites

Red Mite

Round Worm

COMPOSITION

Ivermectin Oral Solution BP (vet) 0.08% W/V

BENEFITS

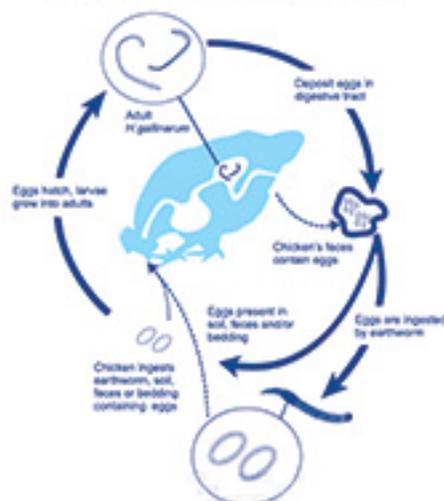

- ▶ Convenient to administer.
- ▶ No drop in egg production.
- ▶ No stress on application.
- ▶ Improved FCR.

FEEDING ADVISE

- ▶ 25 ml per 100 kg BW by oral route

Pack
2 L

Cecal Worm (*Heterakis gallinarum*) Life Cycle

VIRTRAZ

Broad spectrum ectoparasiticide with proven efficacy

Virtraz is a Broad spectrum ectoparasiticide which helps to eradicate ticks & mites

COMPOSITION

Amitraz 12.5% w/v

BENEFITS

- ▶ Kills all kind of Ticks, Mites, Lice & flies
- ▶ Quick action
- ▶ Reduces Production losses due to ectoparasites infestation
- ▶ No adverse effects after application on recommended dosage
- ▶ Highly safe to use

DOSAGE

- ▶ 5 ml per litre of water as spray in shed or surrounding

Pack
500 ml

Clinar

High potency ectoparasiticide

Clinar is high potency ectoparasiticide which helps to eradicate ectoparasites like lice, ticks, mites etc.

COMPOSITION

Cypermethrin High Cis 10% w/v

BENEFITS

- ▶ Clinar controls all ectoparasites, flying & crawling insects.
- ▶ Clinar has broad spectrum activity against pests which are resistant to other conventional insecticides.
- ▶ Clinar have long lasting residual action.
- ▶ Clinar is odourless, non-staining & non-irritant.
- ▶ Clinar is cost effective due to low dosage.

DOSAGE

- ▶ Ectoparasites control: 5-10 ml/ litre of water as spray in empty shades / surrounding

Pack
1 L
